1. Leg area insulation

never cold feet with the well improved **leg area insulation**

Excellent heat and sound insulation ! (Material Nr. 1)

The leg area insulation stays while driving and standing.
Best possible insulation of the leg area with this one.

Vantages:

- No more cold feet
- No draft and no infiltration of cold air into the leg area
- Better use of the car-heating in the leg area
- Excellent sound insulation
- Good looking
- No loose cables viewable
- The insulation can be easily removed

Installation example for a Fiat :

The foot area insulation gets assembled once and remains while driving.
The insulation gets fixed by a hook and loop tape at the bottom side of the dashboard.
The mat gets drawn behind the steering column.
After that the mat gets extended on the floor and fixed under the right and left wheelhouse band.
Assembly instruction and fastening fixtures for your car are included.

Material:

Special insulating foam which is ca. 1 cm thick. The inner side is grey velour.
The outer side is an aluminium foil which works as a vapour barrier.

The leg insulation fits for all alcove, integrated, semi integrated models and box waggon equal which manufacturer.

Leg area insulation

Some examples of Fiat:

Fiat from build year 1994 to May 2002

Fiat from build year May 2002 to July 2006

Fiat from build year July 2006 till now

	Type		Price
04-010101	Fiat 290 build year 1991 to 1994	Leg area insulation	135,00 €
04-010201	Fiat 230 build year 1994 to May 2002	Leg area insulation	127,00 €
04-010401	Fiat 244 build year May 2002 to June 2006	Leg area insulation	127,00 €
04-010701	Fiat 250 build year June 2006 till now	Leg area insulation	127,00 €
04-010701.1	Fiat 250 build year June 2006 till now automatic	Leg area insulation	127,00 €

Some examples of Volkswagen:

VW LT build year 1997 to 2005 driver and co-driver site

	Type		Price
04-020101	VW LT build year 1997 to 2005	Leg area insulation	42,00 €
04-020201	VW T4 build year 1999 to 2003	Leg area insulation & floor fleece cut	102,00 €

Some examples of Mercedes:

Mercedes Sprinter till build year 1999 / build year 2000 to 2006 driver and co-driver site

	Type		Price
04-030101	Mercedes Sprinter build year till 1999	Leg area insulation	42,00 €
04-030103	Mercedes Sprinter build year 2000 to 2006	Leg area insulation	42,00 €
04-030103.1	Mercedes Sprinter build year 2000 to 2006 automatic	Leg area insulation	42,00 €
04-030105	Mercedes Sprinter build year 2007 till now	Leg area insulation	59,00 €

Leg area insulation

Examples of Ford Transit:

Ford Transit Bj 2000 – 2006 Fahrer- und Beifahrerseite

	Type		Price
04-040101	Ford Transit build year 2000 to 2006	Leg area insulation	61,00 €
04-040200	Ford Transit build year August 2006 till now	Leg area insulation	89,00 €

Examples of Renault Master:

Renault Master ab Bj. 2007

	Type		Price
04-190101	Ford Transit build year August 2006 till now	Leg area insulation	127,00 €
04-050103.1	IVECO Daily build year 2000 to 2006	Leg area insulation	71,00 €

slight colour variations possible!

[Other models on request](#)

2. Floor insulation Cuts / rolled good

Nerver cold feet [floor insulation](#)

Good addition to the leg area insulation!

(Material Nr. 2)

Vantages:

- no emit of coldness by the floor
- no loss of heat trough the floor
- comfortable heat on the floor
- sound insulation
- easy to install

Suitable for driver´s cab, living room and storage compartments.

Installation:

Just put the insulate fleece on the floor. If it is necessary you can cut the fleece with a knife or scissor in the correct form. After that you can put your carpet or foot mats on the fleece.

Fits for all alcove, semi integrated, box waggons and all listed integrated Models.

Example: Floor fleece cut for a Mercedes Sprinter

Example: Floor fleece cut for a Fiat

	Type		Price
04-010202	Fiat 290 build year 1991 to 1994	Floor fleece cut	52,00 €

04-070108	Flair Integra build year 2006, full version up to the seats	Carpet cut	85,00 €

Other models on request

4. Door insulation / door slot insulation

Door insulation (Material Nr. 3)

Supplementing the leg area insulation and floor insulation suitable.

Vantages:

- Installation without drilling
- No draft and no infiltration of cold air into the leg area

Assembling:

Remove door handle cap, window crank and the storage compartment.
Remove door panel.

After that, the mounting clips must be returned into the original door panel.

Fit the door insulation behind the door panel and press both parts together at the door. At last you have to refit the door handle cup, the window crank and the storage compartment at the door.

Fits for all alcove, semi integrated, box waggons and all listed integrated Models.

	Type		Price
04-010205	Fiat 230 build year 1994 to May 2002	Door insulation, two pieces	61,00 €
04-010406	Fiat 244 build year May 2002 to June 2006	Door insulation, two pieces	61,00 €

Nerver cold feet Door slot insulation (Material Nr. 3)

In addition to the leg area-, floor- and door insulation suitable!

Vantages:

- Simple but effective insulation
- No drafts while driving
- Easy installation
- Can be removed to ventilate and dry out the inner site of the door

Assembling:

Clean the place to be stuck with acetone.
Glue the Velcro strips as you see on the picture
and fix the insulation at the strips.

Fits for all alcove, semi integrated, box waggons and all listed integrated Models.

	Type		Price
02-000005	Fiat 230 build year 1994 to May 2002 Fiat 244 build year May 2002 to June 2006	Door slot insulation, 2 pieces	6,00 €

5. Motor sound insulation

Cuts / formed plates / special glue

To reduce engine noise **Engine sound insulation**

Vantages:

- Reduces engine sound
- Is ideal for sound insulation of the engine bay and other cavities

Material:

Formed plates made of PU foam (flame retardant according to FMVSS 302)

Assembling:

Clean the surface with acetone and fix it with our special glue.
The special glue is not included. Please order separately. You can find it under the category "glues".

Example: Engine sound insulation cut at a Mercedes Sprinter

Example: Engine sound insulation cut at a Fiat

Fits for all alcove, semi integrated, box waggons and all listed integrated Models.

7. Material for inner screens 8 layers

Window inner insulation (Material Nr. 4)

This 8- ply insulation material for the inner insulation has been developed and composed after various temperature tests. The insulation layers, vapour barriers, cloth inner side and aluminium outside are completely reworked. This material is made in Germany and exclusive for us. By the 8- layer structure the insulation is more effective against cold heat and noise.

Material:

Four different ordered insulating layers, two vapour barriers, an aluminium foil strengthened with a scrim and a decorative fabric in grey or beige.

PET- Aluminium- scrim
5,0 mm PU- foam
PE- foam
PE- transparency film
PE- foam

Grey or beige fabric

slight colour variations possible!

Rolled material (Material Nr. 4)

01-000006-BEIGE Thermo-Material, 8- layers, beige, ca. 150 cm wide
01-000006-GRAU Thermo-Material, 8- layers, grey, ca. 150 cm wide

Price per meter
31,00 €
31,00 €

Special design according to customer

Inner insulation according to customer drawing.

Attention:

No guarantee of perfect fit for insulations made with customer drawing. Rework will be charged to customer.
Price according to size and effort.

8. Inner screens for mobiles with an alcove and semi integrated mobiles

Window inner insulation for alcove and semi integrated models (Material Nr. 4)

Vantages:

- Easy and fast mounting with suction cups
- Low weight
- No drilling and screw
- Good thermal insulation in winter
- 95% solar reflection
- View and noise protection
- Good looks
- Fabric available in grey or beige, slight colour variations possible
- Synthetic fabric, water and dirt reflecting

Assembling:

Just fix the mats with suction cups at the disks.

Special designs based on given dimensional data or templates possible.

Production in the house after date arrangement possible.

Yard goods, edge binding and suction cups apart deliverable.

Can not be used while driving!

10. ISOTHERM - curtain XXL

Here you can find the perfect insulation for your camper if you integrate the driver and passenger seat into the living area.

ISOTHERM - curtain XXL Material Nr. 4

The curtain goes from ceiling to floor, from behind the safety belt on driver's side up behind the safety belt on the passenger side. So the whole cab is shielded. It is the perfect insulation if you integrate the driver and passenger seat into the living area.

The following versions are available

ISOTHERM – curtain XXL 1

Completely closed curtain without window openings and flap to handle the radio.

ISOTHERM – curtain XXL 2

Completely closed curtain with three window openings
With zip and a flap to handle the radio.
You can open this curtain with a zip to look out and to get daylight inside.
You don't have to remove the curtain.
When it gets cold the curtain can easily get closed.
In the cab rise a pleasant heat and you can save gas and electricity.

Assembling:

Fixing by TENAX studs and velcro in the cab.
After that the curtain will be hung in the TENAX studs.
Mounting hardware is included.

13. Outer screens for mobiles with an alcove and semi integrated mobiles

Window outer insulation **for alcove and semi integratet models** Material Nr. 3

Best and most effective protection against cold, heat und noise!

Material:

Strengthened air chamber foil which is double-sided vaporized with aluminium. The foil has a heat value of a 5 cm thick rockwool plate!

Vantages:

- Easy and fast fixing.
- Very light
- No drilling and screw
- Good thermal insulation in winter
- 95% solar reflection
- View and noise protection
- Good looks
- no condensation on the disk
- easy to clean

Assembling alcove mobiles:

Hang up the side mats at the doors, put the front mat on the windscreen and connect the three pieces with velcro straps. Finally wind down the elastics. During the day you can fold down the front mat to get light in the cab and to look out. You dont have to remove the insulation. When it gets cold the mat can easily be folded up again. In the cab rise a pleasant heat and you can save gas and electricity.

Can not be used while driving!

14. Outer screens for Integra

Window outer insulation for integrated models

Material: see above

Vorteile: see above

Montage Integra – Modelle:

To fix the outer insulation you have to install Keder-rails above the side windows. These rails will be glued with Sikaflex 221 to the car. After that you have to insert The side mats into the rails.

Put the front mat on the windscreen and connect the three pieces with velcro straps. Finally wind down the elastics at the rails and rearview mirrors.

During the day you can fold down the front mat

to get light in the cab and to look out.
 You dont have to remove the insulation.
 When it gets cold the mat can easily be folded up again.
 In the cab rise a pleasant heat and you can save gas and electricity.

Can not be used while drivin

Mounting set and Sikaflex 221 must be ordered separately

16. Multisystem 1 outer insulation **for the whole driver's cab**

**Best and most effective protection
for the whole driver's cab**

Multisystem 1 Material Nr. 3

For Sommer and Winter!

Material:

Strengthened air chamber foil which is double-sided vaporized with aluminium. The foil has a heat value of a 5 cm thick rockwool plate!

Vantages:

- Easy and fast fixing.
- Very light
- No drilling and screw
- Good thermal insulation in winter
- 95% solar reflection
- View and noise protection
- Good looks
- no condensation on the disk
- easy to clean
- Complete insulation for the driver's cab

Multisystem 1 consist of

1. Window outer insulation with ventilation cover.
The base mat is needed for attaching the other parts.

2. Cowl cover can be used without side parts .

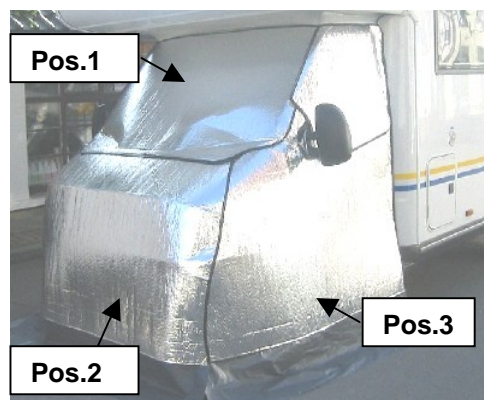

3. The two side parts complete the Multisystem 1.

Can not be used while driving!

Assembling:

First install the window outer mat.
After that you can fix the cowl cover at the window mat by Velcro. The side parts get fixed by Velcro, too.

19. General terms and conditions

Allgemeine Geschäftsbedingungen I. Verkaufsbedingungen

§ 1 Vertragsabschluss

- (1) In Prospekten, Anzeigen usw. enthaltene Angebote sind – auch bezüglich der Preisangaben – freibleibend und unverbindlich. An individuell ausgearbeitete Angebote ist die Fa. KANTOP-ISOMATTEN eine Woche gebunden.
- (2) Bestellungen werden nur verbindlich, falls die Fa. KANTOP-ISOMATTEN sie bestätigt oder ihnen durch Übersendung des Vertragsgegenstandes nachkommt. Lehnt die Fa. KANTOP-ISOMATTEN die Annahme nicht binnen einer Woche nach Bestelldatum ab, so gilt die Bestätigung als erteilt und der Kaufvertrag als geschlossen. Maßgebliches Bestelldatum ist die mündliche oder schriftliche Abgabe des Angebots, bei Abgabe unter Abwesenheit die Aufgabe zur Post bzw. die sonstige Absenderhandlung (z.B. die Absendung eines Fax oder einer E-Mail).
- (3) Sämtliche Vereinbarungen sind zu Beweiszwecken schriftlich niederzulegen. Dies gilt auch für Nebenabreden, Zusicherungen sowie für nachträgliche Vertragsänderungen.

§ 2 Preise, Preisänderungen

- (1) Die Preise schließen die gesetzliche Umsatzsteuer ein.
- (2) Die Preise schließen eine kostenlose Fracht bis zum Bestimmungsort im Inland aus, zusätzliche Frachtkosten bei Versendung ins Ausland trägt ebenfalls der Kunde. Auslandslieferungen erfolgen nur gegen Vorauskasse. Frachtkosten, auch Rücksendungen trägt der Kunde.
- (3) Soweit zwischen Vertragsschluss und vereinbartem und/oder tatsächlichem Lieferdatum mehr als 6 Monate liegen, gelten die zur Zeit der Lieferung oder Bereitstellung gültigen Preise der Fa. KANTOP-ISOMATTEN; übersteigen die letztgenannten Preise die zunächst vereinbarten um mehr als 6%, so ist der Käufer berechtigt, vom Vertrag zurückzutreten.

§ 3 Lieferzeiten und Abnahme

- (1) Liefertermine oder –fristen, die verbindlich oder unverbindlich vereinbart werden können, bedürfen der Schriftform.
- (2) Bei Vorliegen von durch die Fa. KANTOP-ISOMATTEN zu vertretenden Lieferverzögerungen wird die Dauer der vom Käufer gesetzlich zu setzenden Nachfrist auf zwei Wochen festgelegt. Die Frist beginnt mit Eingang der schriftlichen Nachfristsetzung bei der Fa. KANTOP-ISOMATTEN.
- (3) Nimmt der Kunde den Kaufgegenstand nicht fristgemäß ab, ist die Fa. KANTOP-ISOMATTEN berechtigt, ihm eine angemessene Nachfrist zu setzen, nach deren Ablauf anderweitig über den Kaufgegenstand zu verfügen und den Kunden mit angemessen verlängerter Nachfrist zu beliefern. Unberührt bleiben davon die Rechte der Fa. KANTOP-ISOMATTEN, nach Nachfristsetzung mit Ablehnungsandrohung (§ 326 BGB) vom Vertrag zurückzutreten oder Schadenersatz wegen Nichterfüllung zu verlangen.

§ 4 Versand und Gefahrübergang

- (1) Die Gefahr geht mit Übergabe des Kaufgegenstandes auf den Käufer über. Bei Versendung des Kaufgegenstandes erfolgt der Gefahrübergang mit Übergabe der Sendung an die den Transport ausführende Person bzw. zu dem Zeitpunkt, in dem die Sendung die Räumlichkeiten der Fa. KANTOP-ISOMATTEN zwecks Versendung verlassen hat. Wird der Versand auf Wunsch des Käufers verzögert, geht die Gefahr mit der Meldung der Versandbereitschaft auf den Kunden über.
- (2) Auf Wunsch des Käufers wird der Kaufgegenstand in seinem Namen und auf seine Rechnung versichert.

§ 5 Gewährleistung und Haftung

- (1) Ist die gelieferte Ware mangelhaft, fehlen ihr zugesicherte Eigenschaften oder wird sie innerhalb der Gewährleistungsfrist durch Fabrikations- oder Materialmängel schadhaft, liefert die Fa. KANTOP-ISOMATTEN nach seiner Wahl unter Ausschluss sonstiger Gewährleistungsrechte des Käufers Ersatz oder bessert nach. Mehrfache Nachbesserungen sind zulässig.
- (2) Die Gewährleistungsfrist auf eigene Produkte beträgt 24 Monate und beginnt mit dem Datum der Übergabe bzw. der Auslieferung des Kaufgegenstandes an den Kunden. Bei Handelsware gelten die jeweiligen Garantiebestimmungen der Vorlieferanten. Werden Gewährleistungsansprüche geltend gemacht, so müssen diese durch Vorlage der Rechnung oder anderer Kaufbelege glaubhaft gemacht werden.
- (3) Von jeglicher Gewährleistung ausgeschlossen sind Fehler, die durch Beschädigung, falschen Anschluss oder falsche Bedienung durch den Kunden verursacht werden sowie Schäden durch höhere Gewalt, z.B. Blitzschlag, Sturm, Hagel, Mängel durch Verschleiß bei Überbeanspruchung mechanischer oder elektromechanischer Teile durch nichtbestimmungsgemäßen Gebrauch oder Mängel durch Verschmutzung und Schäden durch außergewöhnliche mechanische, chemische oder atmosphärische Einflüsse.
- (4) Offensichtliche Mängel müssen der Fa. KANTOP-ISOMATTEN unverzüglich, spätestens jedoch innerhalb von zwei Wochen nach Übergabe bzw. Lieferung der Ware schriftlich mitgeteilt werden. Die mangelhaften gelieferten Waren sind in dem Zustand, in dem sie sich im Zeitpunkt der Entdeckung des Mangels befinden, zur Beseitigung durch die Fa. KANTOP-ISOMATTEN bereit zu halten. Ein Verstoß gegen die vorstehenden Verpflichtungen schließt jedwede Gewährleistungsansprüche gegenüber der Fa. KANTOP-ISOMATTEN aus.
- (5) Schlägt im Fall einer Mangelhaftigkeit der Ware gemäß Ziff. 1 die Nachbesserung oder Ersatzlieferung nach angemessener Frist fehl, kann der Käufer nach seiner Wahl Herabsetzung des Kaufpreises oder Rückgängigmachung des Vertrages verlangen.
- (6) Die vorstehenden Regelungen dieses Paragraphen gelten nicht für Verbrauchteile. Diese werden, soweit nichts Abweichendes vereinbart ist, unter dem Ausschluss jeglicher Gewährleistung geliefert.
- (7) Schadensersatzansprüche aus Unmöglichkeit der Leistung, wegen Nichterfüllung, aus positiver Forderungsverletzung, aus Verschulden bei Vertragsschluss und aus unerlaubter Handlung sind sowohl gegen die Fa. KANTOP-ISOMATTEN als auch gegen seine Erfüllungs- und Verrichtungsgehilfen ausgeschlossen, soweit der Schaden nicht vorsätzlich oder grob fahrlässig verursacht wurde. Dies gilt nicht für Schadensersatzansprüche aus Eigenschaftszusicherungen, die den Käufer gegen das Risiko von Mangelgeschäden absichern sollen.
- (8) Die Haftungsbeschränkung in Ziff. 8, Satz 1 findet keine Anwendung, soweit eine Pflicht verletzt wird, deren Einhaltung für die Erreichung des Vertragszwecks von besonderer Bedeutung ist (Kardinalpflicht).

§ 6 Eigentumsvorbehalt

- (1) Bis zur Erfüllung aller Forderungen, die der Fa. KANTOP-ISOMATTEN aus der Geschäftsverbindung mit dem Käufer jetzt oder künftig zustehen, behält sich die Fa. KANTOP-ISOMATTEN das Eigentum an den gelieferten Waren vor (Vorbehaltsware). Der Käufer darf über die Vorbehaltsware nicht verfügen.
- (2) Übersteigt der Wert der Sicherheiten die Forderung der Fa. KANTOP-ISOMATTEN um mehr als 20%, so wird er auf Verlangen des Käufers nach seiner Wahl Sicherheiten freigeben.
- (3) Bei Zugriffen Dritter – insbesondere durch Gerichtsvollzieher – auf die Vorbehaltsware wird der Käufer auf das Eigentum der Fa. KANTOP-ISOMATTEN hinweisen und diesen unverzüglich benachrichtigen.
- (4) Bei vertragswidrigem Verhalten des Käufers – insbesondere bei Zahlungsverzug – ist der Verkäufer berechtigt, vom Vertrag zurückzutreten und die unverzügliche Herausgabe des Kaufgegenstandes zu verlangen. Die Kosten der Rücknahme und der anderweitigen Verwertung des Kaufgegenstandes trägt der Käufer.

§ 7 Zahlung

- (1) Die Bezahlung des Kaufpreises erfolgt in bar, per Nachnahme oder auf Rechnung wobei die vereinbarte Zahlungsart auf dem Bestellformular eingetragen wird.
- (2) Bei Bezahlung per Nachnahme entstehen die derzeit geltenden Nachnahmegebühren.
- (3) Die anfallenden Versandkosten trägt der Käufer.
- (4) Die Ablehnung von Schecks und Wechseln behält sich die Fa. KANTOP-ISOMATTEN ausdrücklich vor.
- (5) Der Käufer ist zur Aufrechnung nur berechtigt, wenn die Gegenforderung unbestritten oder rechtskräftig festgestellt ist.

II. Leistungs- und Reparaturbedingungen

§ 1 Auftragserteilung

- (1) § 1 Ziff. 1 der Verkaufsbedingungen findet entsprechende Anwendung.
- (2) Die Durchführung von Reparaturen oder Umbaumaßnahmen findet je nach Art der durchzuführenden Maßnahme oder des Defektes durch die Fa. KANTOP-ISOMATTEN oder durch von diesem hinzugezogene Dritte – insbesondere den Hersteller – statt.

§ 2 Preise und Zahlung

- (1) § 2 Ziff. 1 und Ziff. 2 der Verkaufsbedingungen findet entsprechende Anwendung. Die Vergütung der Leistungen ist bei Abnahme fällig
- (2) Da Fehlersuchzeit Arbeitszeit ist, wird der entstandene und zu belegende Aufwand dem Kunden auch dann in Rechnung gestellt, wenn ein Auftrag nicht durchgeführt werden kann, weil der beanstandete Fehler unter Beachtung der Regeln der Technik nicht festgestellt werden konnte oder der Auftrag während der Durchführung zurückgezogen wurde.
- (3) Wird im Auftrag des Kunden ein Kostenvorschlag erstellt, so sind die Kosten entsprechend Zeitaufwand vom Kunden zu erstatten.

§ 3 Termine

- (1) Der vereinbarte Liefer- und Fertigstellungstermin ist nur dann verbindlich, wenn die Einhaltung nicht durch Umstände, die der Fa. KANTOP-ISOMATTEN oder der gemäß § 1 Ziff. 2 eingeschaltete Dritte nicht zu vertreten hat, unmöglich gemacht wird.
- (2) § 3 Ziff. 2 der Verkaufsbedingungen findet entsprechende Anwendung.

§ 4 Gewährleistung für Reparaturen und Haftung

- (1) Die Gewährleistungsfrist beträgt 6 Monate für alle Arbeitsleistungen der Fa. KANTOP-ISOMATTEN sowie für von ihm eingebautes Material.
- (2) Zur Mängelbeseitigung hat der Kunde der Fa. KANTOP-ISOMATTEN die nach billigem Ermessen erforderliche Zeit und Gelegenheit zu gewähren. Der Kunde hat insbesondere dafür Sorge zu tragen, dass der beanstandete Gegenstand zur Untersuchung und Durchführung der Reparatur der Fa. KANTOP-ISOMATTEN oder dessen Beauftragen zur Verfügung steht.
- (3) § 5 Ziff. 3, 4, 7 und 8 der Verkaufsbedingungen finden bei Arbeitsleistungen der Fa. KANTOP-ISOMATTEN entsprechende Anwendung; im Fall der Ziff. 4 ist maßgeblicher Zeitpunkt für den Fristbeginn die Abnahme der durchgeführten Leistung. Soweit die Fa. KANTOP-ISOMATTEN oder seine Erfüllungsgehilfen im Rahmen der Durchführung der beauftragten Leistungen ein vorwerfbares Verschulden bezüglich einer Beschädigung des beanstandeten bzw. umzubauenden Gegenstandes trifft, ist er insoweit zur kostenfreien Instandsetzung verpflichtet. Ist dieses unmöglich, mit unverhältnismäßig hohem Kostenaufwand verbunden, oder bei Verlust des beanstandeten bzw. umzubauenden Gegenstandes, ist der Wiederbeschaffungswert zu ersetzen.

§ 5 Eigentumsvorbehalt

- (1) Soweit die anlässlich von Reparaturen oder Umbaumaßnahmen eingefügten Teile o.ä. nicht wesentliche Bestandteile werden, behält sich die Fa. KANTOP-ISOMATTEN das Eigentum an diesen Teilen bis zum Ausgleich aller Forderungen der Fa. KANTOP-ISOMATTEN aus dem Vertrag vor.
- (2) § 6 Ziff. 2 und 3 der Verkaufsbedingungen finden entsprechende Anwendung.

III. Gemeinsame Bestimmungen

§ 1 Schriftformklausel

Änderungen und Ergänzungen dieses Vertrages einschließlich dieser Klausel bedürfen der Schriftform. Mündliche Nebenabreden werden nicht getroffen. Allgemeine Geschäftsbedingungen des Kunden sind nicht Bestandteil dieses Vertrages und haben keine Gültigkeit für dieses Vertragsverhältnis.

§ 2 Unwirksame Klauseln

Sollte eine Bestimmung dieses Vertrages unwirksam oder undurchführbar sein oder werden, ohne dass damit die Erreichung des Vertragszweckes im wesentlichen unmöglich gemacht wird, so wird dadurch die Rechtswirksamkeit der übrigen Bestimmungen nicht berührt. Die unwirksame oder nicht durchführbare Bestimmung ist von den Parteien nach Möglichkeit durch eine zulässige und in wirtschaftlicher Hinsicht der unwirksamen Regelung gleichkommende Bestimmung zu ersetzen.

§ 3 Erfüllungsort und Gerichtsstand

Erfüllungsort und Gerichtsstand sind Albstadt.
